

Cam Walker

The Cam Walker off the shelf AFO (ankle foot orthosis) is designed to provide comfortable immobilization of the ankle and can be removed for inspection and care of the skin.

Indications:

- Ankle sprain, post-op ankle fusion, forefoot/toe injuries, plantar fasciitis/Achilles tendon tears, stress fractures of the lower leg, stabile ankle/foot fractures, and stabile delayed-union/non-union fractures of the distal tibia/fibula.
